## ONE GOD

God's love is our love,  
There is no other love,  
There is but one love alone.

God's wish is our wish,  
There is no separate wish.  
It must be God's wish alone.

We are one,  
We are one,  
We are one with God alone.

We are one,  
We are one,  
We are one with God alone.

His love is our love,  
There is no separate love,  
We are one love together.

We are of one God,  
There is no other God.  
We are of one alone.

We are one,  
You are one,  
I am one.

We are one together,  
There is no separation .

We are one together,  
That is how we should be.

There is no God,  
That we are not.  
There is but one God alone.

There is only God's will,  
Not our will,  
Not his will.

There is only one will,  
To hold us together.

There is only one love,  
Not our love,  
Not his love.

There is only one love together.

One love,  
One life,  
One God.

One love,  
One life,  
One God.

One love,  
One life,  
One God.

## Joy in Our Hearts

Let us light the candle,  
Let us sing with joy.  
As we sing together,  
Our thoughts are all of love.

So let us sing together,  
Be like our God above.

Let us light the candle,  
Let us sing with joy.  
As we sing together,  
Our thoughts are all on high.

So let us sing together,  
Be like our God above.

Let us light the candle,  
Let us sing with joy.  
As we sing together,  
Our thoughts are all of love.

So let us sing together,  
Be like our God above.

Let us light the candle,  
Let us sing with joy.  
As we sing together,  
Our thoughts are all on high.

So let us sing together,  
Be like our God above.

Be like our God above,  
Be like our God above.
